National Income Dynamics Study

Consent Form: Proxy Questionnaire

A proxy adult questionnaire should be administered to a knowledgeable household member when it is not possible to interview the relevant individual (aged 15+) in person.

NOTE: The proxy informant must be at least 18 years old.

This is a study about household composition and migration, household income and expenditure, employment and schooling in South Africa. This project is run by researchers at the University of Cape Town on behalf of the Presidency of South Africa. The purpose of this study is to learn more about how people in South Africa are faring over time.

As part of this study, we would like to ask you some questions about your household members' education, employment, income and health. Although they are unable to answer these questions themselves, their information still important to this study.

Before we begin the interview, we want to make sure you understand the following information about the study:

- Your participation is entirely voluntary. You may refuse to take part in the interview, and you may stop at any time if you do not want to continue. You also have the right to skip any particular question or questions if you do not wish to answer them.
- The time it takes to complete the interview will vary depending on how many sections of the questionnaire are relevant to you, but the average amount of time for this interview is an hour.
- You have the right to ask questions at any point before the interview, during the interview, or after the interview is completed.
- All information collected for this study will be kept strictly confidential. While the data collected will be used for research purposes, information that could identify you or your household will never be publicly released in any research report or publication.
- The intention of the study is to conduct further interviews with you in the future. As a result, your personal details will be kept on record in order that you can be re-contacted to participate in future studies that form part of this project. However, we will ask your permission to participate in the survey again each time. Agreeing to participate now does not mean you have to participate in future surveys.

By signing below, you signify that you agree to participate in the study, and that your participation is entirely voluntary.
